

## IP67 1-EXIS JOYSTICK

**P/N: SJE-1510-S000**

### MECHANICAL SPECIFICATIONS:

**SJE-1510-S000**

operating angle: 200N Max

Life cycle: 5,000,000

ESD: ±8kV (contact discharge), ±15kV (air discharge).

### ENVIRONMENTAL SPECIFICATIONS:

Operating temperature range: -40/+85 °C.

Water & dust protection: IP67

EMC: 100V/m

### ELECTRICAL SPECIFICATIONS:

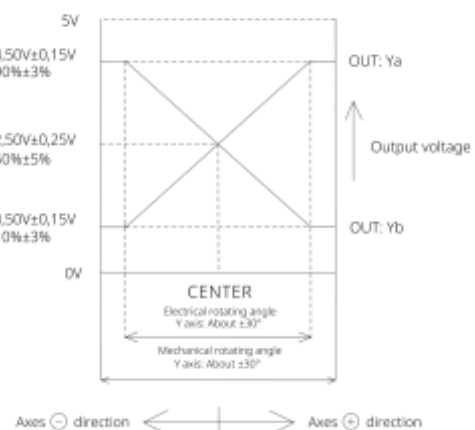

Sensing type: Hall-effect

Applied voltage: 5VDC ±10%

Current consumption: 17mA–22mA

Effective output: 10%–90% Vin, other ratios on request.

### OUTPUT CHARACTERISTICS

### Options & information:

Different cover colors.

Flying leads length can be up to 200cm.
